Data Committee, 2:45- 4:00, UW  
July 13 ..... Strategic Planning, 12-1:30, UW

## RESOURCES AND NEWS

### **Keg Registration Bill (SB 470)**

- This bill is currently in the Senate. If you support this bill, contact your individual Senators.
- Requires retailers selling keg beer to: 1) Attach an identification tag on the keg before or at the time of the sale of the beer; and 2) Requires the purchaser of the beer to sign a receipt after presentation of a driver license or State of Michigan Identification Card. If the purchaser of the beer does not present ID, the retailer shall not sell beer in a keg to the customer; 3) Refuse to accept the return of the keg and refuse to return the keg deposit if the ID tag is not attached when returned; and 4) Retain a deposit as authorized by law.
- Keg receipt will include: printed name, address, telephone number of the purchaser, and the beer keg tag number. The purchaser of the beer shall sign the receipt. The retailer shall not sell a keg unless the receipt is completed and accompanied by the signature of the purchaser.
- Purchaser signs the receipt and does so with the understanding that: 1) he or she agrees not to damage the keg and not to remove or alter the attached tag; and 2) signing the receipt makes him or her subject to liability for serving the beer to any minor.
- Keg retailers shall retain a copy of the receipts for not less than 30 days and shall make those copies available for inspection by the MLCC and law enforcement agencies.
- A retailer who has failed to apply an identification tag on a keg, failed to complete the receipt provided by the commission, or failed to obtain the purchaser's signature on the receipt, is liable for an administrative fine of not more than \$500.00.
- A person who is not a retailer or a wholesaler who possesses a keg that does not have an attached ID tag or who has provided false information in the purchase of beer in a keg, or both, is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than \$500.00, or both.
- Bill does not require a retailer or licensee to attach a tag to a keg that is being used for on-premise consumption only, being stored, or being transported.
- Michigan Liquor Control Commission agents or a law enforcement agent can return an untagged keg and receive the keg deposit.

### **Prevention Network Grant Opportunities**

- Check out Prevention Network's website for current grant opportunities - they still have dollars to give away this year!
